Locally owned Taqueria Maya, known for its Broadway restaurant, is adding a site off Richards Boulevard.

Restaurant manager Daniel Maya announced the new location in a video on Facebook. It's planned for 455 Bercut Drive, in a space previously occupied by Sekou's BBQ.

The Mexican restaurant, which will be next to Hawthorn Suites by Wyndham Sacramento, is expected to open in approximately two months, Maya says in the video.

In a tour of the new space, he showcases elements such as a bar area, event space (suitable for tequila tastings) and a future stage area for live music. The menu will be similar to what's offered on Broadway, with a "smaller, shorter menu" and some twists, he says.

The taqueria's existing site at 2700 Broadway will remain open, the business said on Facebook. The family-owned restaurant has four stars on Yelp, based on more than 400 reviews.
